RE: Notice of Implementing General Rate Restoration (GRR) and Surcharges Revision for Europe Trade

Current freight levels in the Far East to Europe & Mediterranean are unsustainable and below operating costs. For Evergreen Line to continue providing its comprehensive network of quality liner services to all customers, we have no option but to introduce below restoration programme effective 1st December 2009.

Scope: Far East to Europe & Mediterranean

General Rate Restoration (**GRR**)

Quantum: USD 200 per TEU

Effective Date: 01/12/2009 (On Board Date)

We understand that in the current economic climate, no increase is welcomed. But we are sure that you, our valued customer, will support us by bringing our freight back to a sustainable and viable level.

We would like to take this opportunity to thank you again for your continuous support.

Please do not hesitate to contact our sales personnel or our customer service should you require further information.

Yours faithfully
