Re: Implementation of PSS for Arabian Persian Gulf Trades

In light of the strong cargo flow from FE, ISC, to Gulf corridor and the major carriers have been facing serious tight space problem since last month, this situation is forecasted to last for next couple of months. To comply with this market trend and maintain our exclusive service to our esteemed customers, Evergreen Shipping Agency (S) PTE LTD decided to implement PSS (PEAK SEASON SURCHARGE) details as per below:

1. 01 July 2010 – PSS implementation of USD 250/20' and USD 500/40'
(On board date)

This increase will apply in full on top of existing ongoing market rates with all equipment type. It will be subject to all accessorial surcharges applicable at the time of shipment.

The scope of restoration will be from Singapore to destinations in the Persian Gulf.

We seek your kind understanding in the above implementation and looking forward to your valuable support. Please do not hesitate to contact the undersigned if you require further information.

Yours faithfully
